

QUICK REFERENCE SHEET

Good nutrition is only part of the secret to staying healthy. These nutrients need to be absorbed and assimilated, to provide support for a range of physical functions.

Lactoferrin Gold 1.8 assists in making these nutrients more bioavailable, for more ready absorption. It is also a prebiotic to support the growth of helpful organisms that promote wellness.*

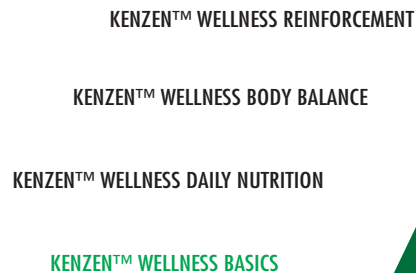

- *Unique, proprietary formulation*
- *Premium quality, ultra-pure, concentrated*
- *No lactose*
- *Formulated for total body support**
- *Assists in preserving a healthy intestinal tract**
- *Helps maintain beneficial bacteria**
- *Formulated for daily serving*

Kenzen Wellness

The Nikken Nutrition Philosophy

Hippocrates, the father of medical science, said, "Let food be your medicine." Nikken Kenzen Wellness nutrition is based on the principle that natural, whole foods are the ideal source of the nutrients your body was designed to consume. They are "living foods" in the sense that healthy, natural nutrition supports normal physical function, contributes fuel for energy, and helps the body defend itself against illness, aging and environmental challenge.

- D** - Targeted for Specific Wellness Concerns
- C** - designed to support fitness, weight management
- B** - A comprehensive nutritional program
- A** - The foundation of your nutrition regimen

Lactoferrin Gold 1.8 features and benefits:

- *Exceptional purity* Lactoferrin Gold is the only lactoferrin derived from a precision, patent-pending method that makes it uniquely pure.
- *Premium quality* Purification process removes microorganisms and toxins.
- *Supports physiological functions* Lactoferrin Gold supports intestinal and immune system activity.*
- *Assists antioxidant protection* Lactoferrin Gold enhances the body's natural antioxidant response.*
- *A prebiotic* As a prebiotic, Lactoferrin Gold can stimulate production of probiotic compounds that encourage production of the body's natural defenses.*
- *Ideal for everyone* Formulated for adults and children.
- *Vegetable capsules* Meets dietary and cultural requirements.

QUICK REFERENCE SHEET

The facts

- Lactoferrin is a naturally occurring substance found in all body fluids including tears, blood and saliva. Lactoferrin is a basic building block of life. It is an essential protein and a major component of mother's milk, and in this way is provided to all mammals beginning immediately after birth.
- Lactoferrin is provided in a normal diet through dairy foods. Yet some of us do not receive a significant amount of lactoferrin in this form.
- Lactoferrin Gold 1.8 is an alternative to high-fat dairy products, and it contains no lactose, so that lactose-intolerant persons can take it to receive their daily amount of lactoferrin.
- The exclusive, patent-pending technology that produces Lactoferrin Gold 1.8 uses exhaustive purification methods to remove microorganisms and endotoxin compounds. This provides an unprecedented level of purity while also preserving the prebiotic qualities of the lactoferrin.
- This precision technology requires approximately three liters (3.17 quarts) of milk to produce a single capsule of Lactoferrin Gold 1.8.
- The source of Lactoferrin Gold 1.8 is natural, not genetically modified, and from a region isolated from sources of contamination. This source material is then subjected to the extensive purification technology to produce Lactoferrin Gold 1.8.
- Lactoferrin Gold is referred to as *highly functional* lactoferrin because its unique production technology results in a form of lactoferrin that is more accessible for the body to use.* This technology removes contaminants that could inhibit lactoferrin absorption or metabolism.
- A single Lactoferrin Gold capsule contains 60 mg of pure, highly functional lactoferrin. This amount is based on United States Department of Agriculture calculations on average daily intake of lactoferrin derived from consumption of dairy products.

Supplement Facts

Serving size: 1 capsule
Servings per container: 30

Amount Per Serving		% DV
Vitamin A (as beta-carotene)	1910 IU	38%
Lactoferrin	60 mg	†
